Dr. Turner has consulted with colleges and non-profits in the areas of leadership, development, and organizational and personal resiliency.

Web Design

The right website takes into account the entire design process. Built on organizational mission

Consulting & Curriculum Development

We use an appreciative approach to organizational development. Leveraging your existing strengths, we help you plan comprehensive media solutions integrating web-design, content management, video, digital imagery & graphics, and teaching resources.

The Media is Your Message

We are located in Ottawa, serving all of Ontario and beyond. Past customers have included Graduate Colleges, local non-profit organizations, and commercial organizations. Dr. Turner is a retired senior army officer from National Defence Headquarters in Ottawa. His studies focussed on personal resilience and curriculum design. He has extensive national executive leadership experience, and has trained in leadership development and assessment at the Canadian Defense Academy and with the American Army at Fort Jackson, SC.

Studio

We provide services across the digital media spectrum including photography, video production and editing, Web Design, social media management
